The historic silver mines of Mexico have been found by an exploring party. The largest of these is ituated in the part of the Sierra Madra moutains and the ore taken from it is said will yield \$16 to the ton. This is indeed a rich find, for the most profitable mine now in operation in the States yields only #3.80 to the ton and pays \$100,000 per month.

On discovering the robbers Miss Bowman threw a heavy goblet and struck one of them in the face. The brutes then heat her over the head with a poker until they thought she was dead, when they carried her up stairs and laid her on a bed. She was found unconscious, but has since become sufficiently rational to give descriptions of the flends. It is thought that she cannot possibly recover. The negroes were captured and the Governor was sompelled to order out the militra to prevent them being lynched by a mob.
